

CALL FOR ABSTRACTS

Submission deadline: 30th of September (there will be no full paper submission)

You are invited to participate in the IBPSA-Nordic annual technical event BuildSim-Nordic 2015 to be held on the 2nd & 3rd of November in Aalborg University, Aalborg, Denmark

The purpose of the event is to create a platform for ideas exchange and research focus, and to establish cross-country collaboration in order to coordinate research work and exploit synergies in the field of building performance simulation among all Nordic Countries.

Participants

The event is open for members and non-members of IBPSA-Nordic to participate. An important contribution in the event will be by the participation of Nordic master students, doctoral students and post-doc researches.

Themes

Any research related to buildings simulation concerning system design, HVAC, energy, indoor conditions or environmental issues is eligible to be presented at the event.

Abstracts

The abstracts should: be written in English; be no more than one A4 page in size (Arial 11); describe the research done by using the following structure:

- title (Arial 16, centered)
- authors and their affiliations
- background
- objectives
- methodology
- results
- conclusions

One figure showing some key results can also be embedded in the one page abstract.

Submission

The abstract should preferably be sent as an MS-word (.doc, .docx) or pdf file named according to the responsible author: lastname_firstname_IBPSA2015. The abstract

should be sent by email to rlj@civil.aau.dk no later than the 30th of September.

Acceptance

Notifications will be sent to the submitting authors by the 5th of October.

Language

The event will be held in English.

Event presentation

All authors whose abstract is accepted are invited to give an oral presentation at the event. There will be no further full paper submission.

Workshops

Tuesday morning is reserved to Workshops focusing on different Building Simulation tools. The idea is to bring the Ph.D. students together that are using the same programs. Please indicate when submitting an abstract if you want to chair a workshop on a Building Simulation tool and which workshop you would like to attend.

Key dates

Deadline for abstract submission 30th of September.

Acceptance of abstracts 5th of October.

Event 2nd & 3rd of November.
